

Penrith Show 2019

Sponsorship Opportunities

The Penrith Show

The Penrith Show is regarded as one of the finest town shows in the UK. Held at Brougham Hall near Penrith it attracts up to 10,000 visitors from Penrith and beyond.

Agricultural shows have always been special occasions enabling rural and urban communities to come together in competition in a wide spectrum of classes for farm livestock, arable, horses, rabbits, poultry, show jumping, industrial and horticulture and more.

The Penrith Show is no exception to this rule. It has remained true to its roots and attracts a large number of agricultural exhibits and an ever expanding number of livestock and equine entries for its showing classes. It is this adherence to the core values of the show which ensures visitor numbers are consistently high year after year.

The Show provides an excellent platform for the areas business community to meet and exchange ideas.

To most, the Penrith Show is an all-round great day out, packed with great displays in the Main Ring, a full equine and livestock programme, fantastic shopping from a dazzling array of trade stands, craft and industrial marquee and food hall, combined with all the traditions of a local show.

The Penrith Agricultural Society

The Penrith Agricultural society was formed in 1833 with the Society promoting the first Penrith Show the following year. Its charitable aims are to promote the good of agriculture and livestock breeding in and around Penrith, to promote British Food & Farming in general and the drawing together of town and country for their mutual benefit.
